Dental Clinic

The primary goal of WV Health Right's dental clinic is the elimination of pain and infection. Patients suffering from dental pain and infection can receive antibiotics on a walk-in basis Monday-Friday from 8 a.m.-3 p.m. Once a patient has been seen for X-rays and an exam by a dentist has been performed, an appointment will be scheduled to start necessary dental treatment. It is usually a patient's third visit before treatment begins. WV Health Right has over 100 dedicated dentists, oral

surgeons, hygienists, and assistants who volunteer their time to the dental clinic. Dental services may include: medications for infections and pain, screening exams and X-rays, extractions and fillings and cleanings.

Eye Clinic

WV Health Right's eye clinic continues to grow. The clinic's volunteer ophthalmologist & optometrist see 35-40 patients per month for diabetic retinopathy, glaucoma, eye disease, and annual dilated eye exams. Because of the high numbers of patients who are diabetic, the availability of the eye clinic is an important component of the clinic's system of care for its patients.

Ebenezer Medical Outreach Inc.

The mission of Ebenezer Medical Outreach, Inc. (EMO), is to provide access to free and affordable, comprehensive health care, preventative care, and pharmaceuticals to the Fairfield West community of Huntington and the surrounding areas including: Cabell County, Mason County, Putnam County, Lincoln County and Wayne County, West Virginia. Services include primary care service, women's health services and orthopedic clinic. The outreach is located at

1448 10th Ave., Suite 100, Huntington, WV 25701; call 304-529-0753 or email emo@emohealth.org.

Dental Clinic

The dental clinic staffed by the Dental Director and volunteer dentist is currently opened on a part-time basis. The days the clinic is open depends of the availability of the dentists. The Huntington Dental Society has taken the clinic on as its home mission project. Its members have been instrumental in the continuation of this program.

Dental hygiene services provided by volunteer dental hygienists include teeth cleaning and brushing and flossing education.

Basic dental services provided by the dental director and volunteer dentists: on-site panoramic X-ray, restorations (fillings) and extractions, as well as referral services to participating local dentists for more extensive and complicated procedures.

Donated Denture Project

The Donated Denture Project offers free partials or full dentures through a partnership with dentists across

the state who agree to donate their services to patients who meet the following eligibility criteria: They are Supplemental Security Income (SSI) recipients, and are 21 years of age and older or an adult 65 years of age and older with incomes at or below 133% of the Federal Poverty Level (FPL), currently \$1,305/month for a single-person family, and must have necessary teeth already extracted/pulled. Upon approval, eligible applicants will be placed with a dental provider to receive dentures or partials. If a person has insurance or other coverage that will pay for the services covered by the Donated Denture Project, that person is not eligible. Adults who have Medicaid coverage may be eligible if they meet the other criteria. If you would like more information on the Donated Denture Project, submit an inquiry via the Contact Us section of their website <https://dhhr.wv.gov/oralhealth/pages/donateddentureproject.aspx>, or call the Oral Health Program at 1-800-642-8522 or 304-558-5388. The project is located at 350 Capitol Street, Room 427, Charleston, WV, 25301.
